

LEHIGH
UNIVERSITY

P.C. Rossin College of
Engineering and Applied Science

Proudly announcing the...

2020 Rossin Awards

The annual Rossin Awards ceremony celebrates the achievements and dedication of Rossin College faculty and staff in support of research and educational excellence across Lehigh's engineering community.

*In 2020, the **ceremony has been moved online** because of the closure of campus brought on by COVID-19.*

Especially given the challenges that the Spring semester brought to all of our lives, our gratitude and our pride in these award winners—and all of the hardworking faculty and staff members across the Rossin College—remains unwavering.

The college thanks everyone across all of our departments, programs, offices and institutes for pulling us through an academic year that none of us saw coming!

Check out the videos below for comments directly from the nominators on each awardees' achievements in 2020.

And the awards go to....
