The Council of Student Presidents (CSP) brings together a cross-section of student leaders from many facets of student life in order to share information, collaboratively work towards campus-wide programs and solutions, and facilitate an open dialogue between students and administrators about important campus issues and new initiatives. This group of student leaders also serves as liaisons between the administration and the various student constituents they represent, and they should have responsibility for both taking information back to their groups, and also bringing important issues to CSP meetings for discussion. CSP members will be educated about Lehigh University policies, procedures, and structure, and will be encouraged to work closely to enhance student life at Lehigh. Membership in CSP is comprised of:

**Permanent members:** Made up of representatives from campus groups who:
1) Serve as oversight bodies or umbrella organizations to a number of different student groups and/or
2) Provide a significant amount of student programming for the campus community.

**Currently, permanent members include a representative from:**
- Asian Cultural Society
- Association of Student Alumni
- Black Student Union
- Class Officer from each class year
- Global Union
- Graduate Student Senate
- Interfraternity Council
- Latino Student Alliance
- Panhellenic Council
- Residence Hall Association
- Spectrum
- Student Athlete Council
- Undergraduate Student Senate
- University Productions
- Multicultural Greek Council

*Permanent CSP members’ status is reviewed on a yearly basis and as new umbrella organizations form on campus, consideration will be given to adding them to the current membership of the group on a permanent basis.*

**Three At-large members:** Through an annual application process, representatives from three selected student groups will be added to participate for one academic year.

Criteria for selection as an At-large member includes, but is not limited to the group:
1) Having significant goals and purposes for the upcoming year that impact the broad campus community;
2) Providing significant campus programming in a way that meets a diverse set of interests and experiences;
3) Demonstrating significant commitment to discussing and addressing campus issues in collaboration with campus administrators; and/or
4) Working to establish a new umbrella organization that supports a variety of constituents related to a specific topic (i.e. spirituality/religion, the arts, etc.).

**Each member organization of CSP may decide on their group’s single representative to CSP. This may range from one of the organization’s positional leaders to any member who is willing and able to represent the ideas and opinions of that group in meeting the mission of CSP.**
