

MAKING THE MOST of Mathematics Graduate School

A conference for undergraduates
considering graduate school in mathematics

SATURDAY, APRIL 22, 2006
LEHIGH UNIVERSITY

Plenary talks:

Garth Isaak, Lehigh University, “When does $x \leq a$,
 $x \geq 0$ have a solution?”

Derek Smith, Lafayette College, “Quaternions for
fun and profit”

Panel discussions:

- Undergraduate research
- Applying to graduate school in mathematics
- Life as a mathematics graduate student

Program begins at 9:45 AM in Christmas-Saucon Hall, preceded by
registration (free) at 9:00 AM.
Last session ends at 4:30 PM.

Sponsored by Lafayette College and Lehigh University
with participation by other area universities.

See www.lehigh.edu/~math/gradconf.html or contact
Professor Linghai Zhang (liz5@lehigh.edu /610-758-4116).
