

Dennis O'Shaughnessy

Dennis joined PPG Industries, Glass R&D in 1988 after completing his PhD degree in Engineering Physics at the University of Virginia. His early work was focused on new product developments based on sputtered thin films for a variety of glass applications. He is a two-time recipient of PPG's "President's Award for Outstanding Technical Achievement" and is inventor on 8 US patents. Dennis has lead R&D efforts for new process development and process improvements for automotive glass fabrication, and currently Dennis is responsible for the Glass Coatings R&D group at PPG Glass R&D.
