Transportation

Chair: Hilary Lewis

Goals from last meeting: Last meeting we did goal setting for the semester and we wanted to come up with the 10 most important facts about transportation that we want to advertise with Bryn.

Progress made from last meeting: Mission accomplished. Also, Bryn assured us that they will paint the crosswalk and up the bike rack on the bus. In addition they will be adding maps to the bus stops.

Goals for this week: Make our movie! Bryn also sent us the following request for information:

Could the Senate team put together a signage proposal that includes the following:

1. What stops need to be improved
2. How each stop from #1 could be improved (metal sign, scrolling sign, bus arriving in X minutes sign etc.)
3. A mock up design of what you would want a sign to look like/say (just basically the text, but if you want to actually design it, you can do that too)

Action steps to take this week: Film movie on Thursday afternoon by riding the bus around and asking students questions about transportation services. At the end of the film we will list the correct answers.
