Co-Sponsorship Request (Additional Funding)

Organization: National Hispanic Business Association

NHBA, Society of Hispanic Professional Engineers, African Caribbean Culture Club, among others, hosted a soccer tournament held on October 11, 2009 in commemoration of Hispanic Heritage Month. Funding includes contributions toward equipment costs and use of Sayre Field.

SSR22AL018

Amount

\$200.00

New Event Request (No Additional Funding)

Organization: Engineers without Borders

EWB would like to use \$700 of their current Senate Funds toward allowable expenses for sending 7 members to Northeastern University to attend EWB-USA's Northeast Regional Workshop which will be held from November 6th-8th, 2009. This is an opportunity for EWB chapters in this area to get together, share experiences, and attend workshops related to community development and international engineering projects.

SSR22AL019

Amount

\$700.00

New Event Request (Additional Funding)

Organization: American Society of Civil Engineers

Lehigh's ASCE would like to attend the annual ASCE national conference. This year it will be taking place in Kansas City, Missouri from Oct 29th to Oct 31st, 2009. This is a great opportunity for students to network and attend the ASCE CareerZone to find internships and full-time jobs. There are also many concurrent sessions and speakers for students to choose to attend. Funding includes contributions toward registration and lodging.

SSR22AL021

Amount

\$450.00

Late Budget

Organization: Philosophy Club

Based on their late budget submission and taking consideration for their past levels of activity the Allocations Committee recommends funding Philosophy Club \$75.00 for 2009-2010.

SSR22AL022**Amount**

\$75.00

New Event Request (No Additional Funding)

Organization: Progressive Student Alliance

PSA will be hosting a "Fair Trade Movie Series" event in late October/early November to raise awareness concerning the production of coffee and chocolate. They will be handing out Fair Trade chocolate to expose Lehigh students to this dessert option. PSA believes that this will be a fun and appetizing way for Lehigh students to learn about other cultures and show how the unfair market mechanisms work in our favor and at the cost of other people from different, mostly underdeveloped, countries. Senate funds would be used toward the purchase of the Fair Trade chocolates and movies.

SSR22AL023**Amount**

\$ 402.75

New Event Request (No Additional Funding)

Organization: Asian Cultural Society

ACS will be utilizing the LU Ropes Course on October 24th, 2009 as a means of fostering club unity between old and new members. Senate funds would be reallocated toward the cost of allowing club members to participate.

SSR22AL024**Amount**

\$140.00

New Event Request (Additional Funding)

Organization: Asian Cultural Society

ACS will be hosting a Cultural Dinner on October 22nd, 2009. The club would like to serve a home prepared sampler of dumplings.

SSR22AL025**Amount**

\$50.00

Co-Sponsorship Request (No Additional Funding)

Organization: Echoes

Echoes and the Melismatics will be holding a joint concert of a cappella music on October 30th, 2009. Echoes would like to use its preexisting Senate Funds to cover half of the total cost for event materials and decorations.

SSR22AL026**Amount**

\$80.00

New Event Request (No Additional Funding)

Organization: Green Action

Green Action attended the Yale University Student Environmental Leadership Conference during the last week in September. The conference is meant to educate college students about the environment and how to become active in creating change. Green Action learned of this conference on very short notice and was not able to request funding beforehand. As such they would like to use their preexisting Senate funds (which would have gone toward the Powershift Environmental Conference) toward the costs of attending this event.

SSR22AL027**Amount**

\$250.00

SSR22AL028

Co-Sponsorship Request (Additional Funding)

Organization: Lehigh Technology and Society House

Amount

\$140.00

Lehigh Technology and Society House and Engineers without Borders will be hosting a roundtable discussion focused on bridging the gaps between science and policy featuring a cross section of Lehigh's own professor's (varying from economics to environmental science). Furthermore, at this event we hope to analyze all the different perspectives that can be taken when viewing environmental issues and how to best integrate this knowledge to make a smart real world decision. Funding will go toward food for the event.

SSR22AL029

Co-Sponsorship Request (Additional Funding)

Organization: Psi Upsilon

Amount

\$ 225.00

Psi Upsilon, Engineers without Borders, and Green Action will be hosting an "Unplugged" concert on October 22nd, 2009 featuring music by Lehigh musicians without the use of a microphone to promote being green in a fun and enjoyable way. This concert will be coffee house style and will be the biggest event of Green Week. Funding will go toward refreshments for the event.

SSR22AL030

Co-Sponsorship Request (Additional Funding)

Organization: Green Action

Amount

\$122.50

Green Action and Engineers without Borders will be hosting a roundtable discussion on October 19th, 2007 focusing on how Lehigh can become a greener campus featuring short presentations by Dining Services, LEAG, Transportation, and more with a discussion to follow. They hope this event will create tangible goals that students can reach and implement to help Lehigh's administration move towards a Greener campus. Funding will go toward food for the event.

SSR22AL031

Co-Sponsorship Request (Additional Funding)

Organization: Engineers without Borders

Amount

\$105.00

EWB will be hosting a presentation on October 20th, 2009 featuring Lehigh student Stephen Buryk's research on the current climate legislation bills going through the Senate and House of Representatives of the US Congress. These bills are lengthy and technical so Stephen will seek to break down each bill informing the audience on the basics of each piece of legislation. Through this knowledge individuals can form opinions and take action, if they see fit, to strengthen or change legislation. Funding will go toward food for the event.

SSR22AL032

New Event Request (No Additional Funding)

Organization: Engineers without Borders

Amount

\$100.00

EWB would like to build a display for a dirty water demonstration for the Green Week. The stand will be built of plywood and hold a small tank of Lehigh River water used to show people what they would be drinking if this were in a third world country. They would like to use their preexisting Senate funds toward this display for the cost of building materials.
