

LEHIGH UNIVERSITY STUDY ABROAD OFFICE
COLLEGE OF ARTS AND SCIENCES
STUDY ABROAD INTERNSHIP PROGRAM REFERENCE SHEET

The attached reference sheet highlights study abroad programs offering internships for credit as part of a semester or summer study abroad program. Most programs offer internships as an option; however, there is a handful of programs where the internship is a mandatory component. The sheet includes programs that are part of the official Lehigh approved study abroad program list, as well as programs that are not part of the approved list but that students could participate in if the program is approved through a petition process. Additional information about the study abroad process at Lehigh University is available online: <http://www.lehigh.edu/studyabroad>. While this is a large list, it is not exhaustive and students are invited to do independent research to discover yet more internship opportunities, and to call them to Lehigh's attention via the petition/approval process. Students and faculty are encouraged to contact the Study Abroad Office at any time to discuss program options. Additionally, general information sessions are held 5 times per week in the Hawk's Nest, Lamberton Hall: Monday - Friday, 4:00pm
