LEHIGH UNIVERSITY

Grade Release Form and Procedures for Chapters

Each semester chapters must submit a grade release form to the Office of Fraternity & Sorority Affairs in order to receive the grades from the previous semester. The signing of fraternity and sorority bid cards automatically releases new member grades to the chapters for that semester per the language included on this actual form. This is to both verify eligibility and provide the Office of Fraternity & Sorority Affairs with accurate and up-to-date records. If a chapter member decides that he or she does not want their grades released to the chapter, they have the right do so by not signing the form. If this happens and the chapter needs these individuals' grades, the chapter must receive written approval from the chapter member first. The individual in question must provide statement to their Greek Life Coordinator authorizing that his or her grades may be released to the chapter.
