

## BOOKS

1. Energy Efficient Electrical Steels, A. R. Marder and E. T. Stephenson, eds., TMS-AIME, Warrendale, PA, 1981.
2. Phase Transformations in Ferrous Alloys, A. R. Marder and J. I. Goldstein, eds., TMS-AIME, TMS-AIME, Warrendale, PA, 1984
3. The Physical Metallurgy of Zinc Coated Steels, A. R. Marder, ed., TMS, Warrendale, PA, 1994.

## BOOK CHAPTERS

1. "Extraction Replica Techniques", Ch. 2, Manual on Electron Metallography Techniques, STP 547, ASTM, 1973, 19.
2. "Eutectoid Structures", Metals Handbook: Metallography and Microstructures, Vol. 9, Ninth ed., 1985, 658.
3. "Heat Treated Alloy Steels", Encyclopedia of Materials Science and Engineering, Pergamon Press, Oxford, England, 1986, 2111.
4. "Replication Microscopy Techniques for Non-Destructive Evaluation", Metals Handbook, vol. 17, 9th Edition, 1989, 52.
5. "Effects of Surface Treatments on Materials Performance", Materials Selection and Design, ASM Handbook, ASM, vol. 20, 1997, 470.
6. "A Review of the Metallurgy of Zinc Coated Steel", Progress in Materials Science, vol 45/3, 2000, 191.
7. "Transformation Microstructures", ASM Handbook: Metallography and Microstructure, vol. 9, to be published.
