Please examine each of the statements below and then mark an **X** in the column to the right that best reflects how frequently the described event occurs:

Events	Very Frequently	Frequently	Seldom	Never
I read magazines and stories about new computers and/or technology devices.				
I buy magazines about technology (if you subscribe to one, mark Very Frequently).				
I learn about new technology sooner than my colleagues.				
My colleagues ask me for advice on how to use technology in their classes.				
I try to persuade my reluctant colleagues to use technology more.				
As a person , I take risks.				
As a teacher , I take risks.				
I get to know new staff more quickly than my colleagues do.				
I meet strangers and get to know them.
