Office of Academic Outreach

618 Brodhead Avenue - Bethlehem, PA 18015

What is IT (Information Technology) ?

Information Technology (IT) is all forms of technology used to create, store, retrieve, and manipulate information. Learn how to solve problems with computers and software to improve the way we live, learn, work, and play.

Dream & achieve academically

“Launching middle and high school students in the Lehigh Valley towards college and careers in Information Technology (IT)”

“Today was awesome ...I learned a lot and will be back in the fall!!! 📖 😊 😄”
— a Launch-IT student’s blog entry at the end of the summer 2008 program

Launch-IT is committed to inspire at risk students to invest in their academic careers with confidence and curiosity.

Take advantage of Launch-IT!

- Enjoy creating cool software and engineering projects
- Learn cutting-edge technology (Robots & Mars simulator, Flash & ActionScript, Intelligent tutoring systems, Java and graphical user interfaces)
- IT professionals inspire you with their experiences and know-how
- College students provide one-on-one tutoring to help you succeed in your classes
- Make new friends who also want to have fun and learn about IT with you!
