

Spring '10 Seminar Series
Department of Materials Science and Engineering
Center for Advanced Materials and Nanotechnology

<u>Date</u>	<u>Speaker</u>	<u>Sponsor</u>
March 2, 2010	Dr. Ying Mei Massachusetts Institute of Technology <i>"Combinatorial Development of Biomaterials for Stem Cell Engineering"</i>	
March 23, 2010	Wu Zhou	Chris Kiely
April 12, 2010	Andrew Stockdale	John DuPont
April 13, 2010	Dr. Kai-tak Wan Northeastern University <i>"Mechanical Characterization of Single Cells and Tissues: Application in Biomedical Sciences"</i>	Sabrina Jedlicka
April 27, 2010	Dr. Stacia Keller University of California, Santa Barbara <i>"Growth and Applications of Gallium Nitride"</i>	Helen Chan
April 28, 2010	James Teevan	Martin Harmer
April 30, 2010	Kylan McQuaig	Wojciech Misiolek

Seminar – 4:10 p.m. – WH 203
Refreshments served at 3:45 p.m. in Student Lounge – Whitaker 349
