August 21, 2009

Sam,

Congratulations to you and the students at Lehigh University for an outstanding showing at the 2009 International Metallographic Contest held in Richmond, VA.

The Jacquet-Lucas Award for Best in Show was awarded to Brian Gerard for his First Place winning poster in Class 1 titled "Anisotropy and Voiding at High Strain Rates in a Mg Alloy Extrudate".

The team of Thomas Nizolek, Jared LeBar, and Abigail Lawrence was awarded First Place and The George Kehl Plaque in Class 7 for their poster titled "A Metallographic Investigation of a Bi-metallic Diesel Exhaust Valve".

Kevin Winders, Andrew Thome, Ed Zalenski, and Matthew Wojciechowski received Second Place in Class 7 for their entry titled "Metallographic Examination of Biomedical Screws".

Anthony Ventura was awarded First Place in Class 10 for his entry titled "Skull Island".

Awards will be sent to the primary author of each entry. All winners are posted at www.internationalmetallographicsociety.org/09winners.html.

I look forward to seeing more fine work from Lehigh in 2010.

Best regards,

Jeff Stewart
IMC Chair
