

## **A Postdoctoral Position in Lehigh University**

A postdoctoral position is available immediately in the Center for Advanced Materials and Nanotechnology (CAMN) in Lehigh University. The successful candidate will focus on studying the grain boundary structure/chemistry in ceramics as well as metals using FIB, HRTEM, Cs-corrected STEM, EDS, and EELS. The position requires a Ph.D. in materials science or related discipline. Hands-on experience with FIB and aberration-corrected STEM is desired. This position is open until filled.

Applications with a cover letter and curriculum vitae should be sent to:

Prof. Martin P. Harmer  
Director, CAMN  
Lehigh University  
5 E. Packer Ave.  
Bethlehem, PA 18015
