

2008 Summer Research Participation Program

The following is a schedule of seminars and other events organized for undergraduate research participants and incoming graduate students. The events are open to all students, post-docs, and faculty. After the seminar each Friday (about 2:30 p.m.), refreshments will be served in the Physics Coffee Room.

May 27 Tuesday	Pizza	6:30 p.m. $\Delta\Gamma$ house	Pizza and other refreshments will be provided for incoming REU students at $\Delta\Gamma$ house today.
May 30 Friday	Safety Orientation	1:30 p.m. Room 316	REU students and new graduate students working on experimental projects should attend.
May 31 Saturday	Picnic	2:00 p.m.	Picnic at the Huennekens' home. Rain date: Sunday, June 1
June 6	Seminar by Prof. McSwain	1:30 p.m. Room 316	<i>One Star, Two Stars, Red Star, Blue Star: Measuring Stellar Properties with Optical Spectroscopy</i>
June 13	Seminar by Prof. DeLeo	1:30 p.m. Room 316	<i>Solar System Exploration</i>
June 20	Seminar by Prof. Biaggio	1:30 p.m. Room 316	<i>Multi-photon Interactions in Fundamental Research and Technology</i>
June 27	Seminar by Prof. Jain	1:30 p.m. Room 316	<i>The Enlighted Chalcogenide</i>
July 4	No Seminar	1:30 p.m. Room 316	
July 11	Seminar by Prof. Vavylonis	1:30 p.m. Room 316	<i>Biophysics of Cytoskeleton Self-Assembly</i>
July 18	Seminar by Prof. Gunton	1:30 p.m. Room 316	<i>A Trip to the Zoo: Pattern Formation in Nature</i>
July 24 Thursday	Student Talks	1:00 p.m. Room 316	Program to be arranged: Talks will be presented by REU students
July 25	Student Talks	9:00 a.m. Room 316	Program to be arranged: Talks will be presented by REU students
