LTS Advisory Committee

Chair: Beth Kertz

Goals from last meeting:

-Meet with Bruce

-Figure out what we have to work with this year

-Look into software for e-bulletin system

-Look into who could manage/administrate the system

Progress made from last meeting:

-We met with Bruce Taggart

-Discussed this year's grant (we no longer have the funds from last year's grant)

-Looking into the software we would need for the e-bulletin boards and whether we can get a work study student or another department to run it

-Contacted Dr. Myers in the finance dept. about the RBC business screens. Will contact the Dean's Office if we don't hear from him soon.

-Bruce brought up the idea of an on campus gaming room—we decided this would require a student survey. He said there may be potential investors if we wanted to pursue this as a large scale project.

Goals for this week:

-Discuss the idea of a gaming room and develop survey

-Gather information about RBC screens and try to find software

-Try to find a department (or someone) to manage the system
