- Election Promotion Event set
- Youtube Video is up and running!

Goals for this week:

- End of year wrap up and organization
- New Bulletin Board
- Ideas for the last The Voice
- Host Elections Event

Collect Flash Drives

Social Justice Committee

Chair: Darius Callier

“Our committee is planning on collecting information needed to report an harassment or bias crime of any kind, because there currently does not exist a central place for students to access valuable info like this. We may go ahead doing this, by putting it in The Voice, and/or perhaps by distributing leaflets/flyers and table-tents to campus mailboxes and dining halls.

We also want to create a campus-wide discussion on, and may spark this discussion of placing senate approved “provocative slogans” on the UC front lawn, in order to indicate what might be wrong with these statements or treatments of fellow students/faculty/staff.

We have discussed routes for sustainability, but also why this issue is important for Senate to tackle on campus, now and in subsequent years. In the future, we hope to coordinate efforts with other social justice resources/groups on campus such as the LGBTQIA center/Rainbow room & Spectrum, The Women's Center and Break the Silence, and the Office of Multicultural Affairs & Kaleidoscope. And, we are currently asking the directors of these centers what needs should the Student Senate be providing or addressing the lack of.”
