Campus Master Plan Presentation

Town Hall Meeting
21 March 2011
A campus master plan is a physical manifestation of a university's strategic plan. At its best, it is a road map for the future of a campus, and becomes a crucial tool in confirming that short-term projects are working in conjunction with long-term plans and goals. Without it, each decision made about a campus' facilities -- from new buildings to renovations to infrastructure improvements -- is made in isolation, without a bigger vision in mind. And a good campus plan builds in flexibility, so that it can accommodate shifting academic priorities and economic conditions.

Campus Master Plan 2011
2011 Campus Master Plan

9 Deliverables:

- A plan for renovations and new construction based on analysis of existing space use and identified needs including cost estimates
- An assessment of current space assignments as well as a condition analysis and a comparison of space usage with peer institutions by department and by general function
- An undergraduate and graduate student housing analysis
- A strategy for partnering in the renaissance of the local community
- A strategy for land utilization and development
- A strategy for the Mountaintop Campus
- A plan for pedestrian/vehicular circulation and parking
- A plan for campus transportation
- A determination of sustainable campus design standards
Master Plan Steering Committee:

- Provost & Vice President Academic Affairs
- VP & Assoc. Provost for Research & Graduate Studies
- VP Finance & Administration
- VP Communications & Public Affairs
- Vice Provost Student Affairs
- Assoc. VP Advancement
- Assoc. VP Facilities Services & Campus Planning
- Dean College of Arts & Sciences
- Dean College of Business & Economics
- Dean College of Education
- Dean College of Engineering & Applied Sciences
- Dean Athletics
- Director Facilities Planning & Renovations
Master Planning Consultants
Selection Process:

• RFQ (Request for Qualifications)
• RFP (Request for Proposal)
• Presentations & Interviews
• Selection
