Lehigh University Engineering and Technology Ranking

📍 United States   🏛 Established: **1865**   👥 Scholars: **12**

Top Scientists	Overview

👥 Top scientists

Position in the ranking is based on each scientist's h-index using data compiled from Microsoft Graph by December 6th 2021.

This ranking lists all top researchers from the Engineering and Technology discipline and affiliated with Lehigh University. There are a total of 12 researchers included with 3 of them also being included in the global ranking. The total sum for the h-index values for top scientists in Lehigh University is 520 with a mean value for the h-index of 43.33. The total sum of publications for top scientists in Lehigh University is 2,160 with the mean value for publications per scientist of 180.00.

1220	522	**Richard Sause** Lehigh University, United States	53	10,728	200
1787	744	**Yu Zhang** Lehigh University, United States	46	6,546	140
3736	1426	**Tamás Terlaky** Lehigh University, United States	34	6,656	167
4985	1813	**John W. Fisher** Lehigh University, United States	32	5,146	159
5757	2091	**Mayuresh V. Kothare** Lehigh University, United States	31	9,226	111
5878	2042	**Jonathan J. Wierer** Lehigh University, United States	31	6,540	86
6002	2110	**Ronald S. Rivlin** Lehigh University, United States	30	6,038	78
6175	2162	**Panayiotis Diplas** Lehigh University, United States	30	4,143	81

6285	2189	**Luís Nunes Vicente** Lehigh University, United States	30	6,946	81
6499	2285	**Héctor Muñoz-Avila** Lehigh University, United States	30	4,126	112

Our research was coordinated by Imed Bouchrika, PhD, a computer scientist with a well-established record of collaboration on a number of international research projects with different partners from the academic community. His role was to make sure all data remained unbiased, accurate, and up-to-date.

We list only scientists having Microsoft Academic Graph H-Index >= 30 within the area of Engineering and Technology. If you or other scholars are not listed, we appreciate if you can contact us.
