## Pre-Workshop Worksheet

The financial aid application process is completed in partnership with your parent(s)\* who must provide their financial information as well as sign certain documents.

**This worksheet was designed to help you gather some of the parental information prior to the workshop. This is not a required document and the Office of Financial Aid will not collect this completed form. It is simply a tool to assist you and your parents through this process.**

It may not be possible to complete your entire financial aid application at this workshop. However, you may complete as much as possible, understand what is still needed, and resume completion at a later date (and still before the March 15 deadline!).

Please review our website for general application requirements and awareness.
