### ABOUT THE IACocca INSTITUTE

In partnership with Lee Iacocca '45, Lehigh University founded the Iacocca Institute in 1988 to help prepare the next generation of leaders to thrive in a global economy, with the belief that successful leadership in the 21st century would require both a deep understanding of different cultures and countries as well as comfort working across boundaries and borders. As part of Lehigh's Office of International Affairs, the Iacocca Institute prepares current and future leaders to address complex, multi-system, global challenges.
