

LEHIGH WEST

Anchored in the San Francisco Bay Area

Lehigh West connects students and faculty directly to Silicon Valley's innovation ecosystem to advance academic programs, industry partnerships and career pathways that launch lifelong success.

Student Recruitment

We are committed to recruiting, inspiring and empowering the next generation of future makers. From your first inquiry to your enrollment decision, our Lehigh West admissions team is here to provide personalized guidance, answer your questions and help you navigate the application process with confidence.

Industry Partnerships & Career Pathways

Through a growing network of 200+ companies, startups and investors across the West Coast industry ecosystem, Lehigh West brings innovation to life. From internships and company visits to hands-on research and mentorship, you get to build real-world experience and lasting connections that accelerate your career pathway.

Academic Programs

From global leadership and entrepreneurship to finance, technology and beyond, our interdisciplinary academic programs equip students with the knowledge, hands-on experience and real-world opportunities to tackle today's most pressing challenges and become tomorrow's innovators.

Academic Programs Overview

→ LehighSiliconValley

LehighSiliconValley is an immersive winter break experience offering students direct access to founders, CEOs, investors and tech leaders at the forefront of innovation in California's tech hub.

Career clarity through direct exposure to founders, investors and innovation leaders.

→ Silicon Valley Social Impact Fellowship

Students drive meaningful change through student-led impact projects that address critical social and economic challenges within one of the world's most dynamic technology ecosystems.

Applying entrepreneurial thinking to real-world social and economic challenges.

→ Innovation Internship

A part-time, semester-long virtual internship program that builds real-world skills and an entrepreneurial mindset through hands-on work with startups and innovative organizations.

Real-world experience that builds professional confidence and career momentum.

→ Startup Academy

A 10-week immersive summer program that combines academic coursework with a full-time startup internship, offering students direct exposure to the entrepreneurial culture, networks and innovation leaders of the San Francisco Bay Area.

Immersive startup experience that turns students into contributors, not observers.

→ Iacocca Global Future Leaders Lab: Silicon Valley

A one week, high-impact leadership intensive designed for motivated high school students who are ready to lead, innovate and create meaningful change.

Entrepreneurial leadership that empowers students to innovate, connect and shape the future.
