

- Notes Room 173:
- 1. Construct new worktable and shelf to match existing worktable and build new shelf for worktable that is remaining. (See Elevation "A" on Detail Plan.)
 - 2. Move center-island shelving unit to center of room.
 - 3. Reuse or purchase shelves to increase storage space on center island shelving unit - reduce shelf height spacing.
 - 4. Install 2-way switch on wall of room 173 between Rooms 173 & 171.
 - 5. Construct three (3) 24" w x 15" d wood shelves and attach to wall for coffee maker and microwave. Refrigerator goes under the first shelf. (See elevation "B" on detail sheet).
 - 6. Purchase new lockable floor cabinets with drawers for under both worktables to replace attached under-counter drawers. (see me for type)

- Notes Room 171:
- 15. Provide and install new door and frame to match existing.
 - 16. Retrack raceway around new door or truncate if not needed for Gail's new area.
 - 17. Spackle and paint wall as required, to match existing.
 - 18. Move Gail's cubicle and desk & file to new area.
 - 19. Reposition Keith's & Isaac's cubicle panels to make additional space.
 - 20. Move plotter to corner and relocate existing telecom jack.
 - 21. Move printer, file cabinet, fax & table to new location

- Notes Corridor outside room 171:
- 10. Move cabinets in corridor down to make space for new door opening.
 - 11. Paint and spackle wall after closing off old entry to office.
 - 12. New ceiling hung sign in hallway outside new entry to identify LTS offices. sign provided by others.
 - 13. Provide two new directional spot lights on either side of new sign.
